About RCSM

Rainbow Computer Shiksha Mission is Run by "NORTHERN ZONE IT SOLUTION & EDUCATION PVT.LTD. Bearing U74999BR2019PTC040557 & Reg Under Trad Mark Act 1999 By TM Registry Govt Of INDIA Reg No : 4073532. " Rainbow Computer Shiksha Mission was established in 1 January 2019 as a private computer centre in district Purnia of Bihar (India) by Mr Kumar Gaurav. The aim of RCSM was to provide job-oriented computer education to rural students in minimum affordable fee and to contribute as a part of IT development in India. We glad to say that in just first year of establishment, more than 100 students passed out from the institute. The main aim of this affiliation was to provide the students those courses which was recognized by the Govt. and hence to help them getting job easily. This further helped the student to equipped with the affiliated courses. Since then RCSM providing IT education to students. In 2015, RCSM has started providing Hardware & Networking Courses, which are successfully running. From 2014 to till date more than 5000 students have been passed out from RCSM.

6	You shall undertake training at our branch office in Patna where we will provide you with manuals and training material.

CEO Message

The last decade in the global arena has witness a tremendous growth in the area of information technology. Rapid advances in the technologies for communication media like television, computer, internet, printing and publishing has enabled us to get prompt access to required information.

Information Technology (IT) has become one of the most robust industries in the world. It, more than any other industry or economic facet, has increased productivity, particularly in the developed world, and therefore is a key driver of global economic growth.

The IT sector has emerged as a major global source of both growth and employment. IT Industry in the country has played a major role in placing India on the international map.

The Indian IT Industry mainly comprises of instance System Integration, Software experiments, Custom Application Development and Maintenance (CADM), network services and IT Solutions.

I strongly believe that at RCSM, our true strength lies in the quality of our people, many of whom have been with us for over 4 years and consider this organization to be a part of their family. Today I am proud to say that we have created a work force whose loyalty and hard work are prevailing across the organization. Going forward too, our employees' passion to excel will continue to be the backbone of the RCSM.

With the launching of “Digital India” initiative by the Government of India, the role of RCSM is likely to grow substantially in the near future as the demand for IT services and is expected to rise rapidly.

Rainbow Computer Shiksha Mission is to rededicate itself on strengthening its services with complete fairness, transparency and objectivity with a view to ensure timely execution of projects.

Mr Kumar Gaurav.

MD Message

The main aim of Rainbow Computer Shiksha Mission is to overcome the basic weak points of trainees, the point which is raised by all and sundry is that the training despite being good, they fail to register anything as they are afraid to ask probably a question which might "silly". Rainbow Computer Shiksha Mission would specifically look into this as their main strategy to bring a comfortable learning environment so that the trainees feel at ease while they learn.

The second strategy is to teach more on computers itself ensuring that the trainees get full hands of experience on Computers. In order to meet the emerging challenges of the new century, the institutions have introduced many important courses. It has produced highly qualified computer professionals who are holding positions in India and abroad. Institute is continuously maintaining its quality education and training by giving the right guidance to the students to crack various fields and competitive examinations.

Our third strategy is to give practice opportunity to a person who has already done computer but not have such type of facility given by any computer institute.

Needless to mention that the Rainbow Computer Shiksha Mission has been working for the welfare of SC/ST minorities and other economically weak groups. Rainbow Computer Shiksha Mission has wide range of Placement opportunities.

The last and final strategy is to teach housewives, senior Persons and children, the courses specifically designed by our experienced faculties, which is totally with fun, knowledge and information.

Subodh Kumar Singh
